Foreword

Rev. Mike Wanner, COMM, IMM

Divinity through the Angels has been moving more in my life this year than usual. I moved from my residence of 45 years in Northeast Philadelphia to the Bensalem Veterans Residence in Bensalem, Bucks County.

It was clear to me once again that the Angels were orchestrating things. It was time for me to declutter my life and pre-pave a smooth path for myself.

The building was brand new and designed and dedicated for Veterans. After moving in, they had a dedication that I attended.

The speakers rotated, and then came Rodney D Wyatt from Salute 2 Service. Rodney presented the story of his organization, and I was impressed that his work was Boots on the ground.

I decided to respond to Rodney's invitation and learn more about the extraordinary work being done. I went out to meet Rodney and his spouse Nea who are supporting veterans.

Talking with them clarified the importance of Veterans Healing and Veteran's Spouses healing and Veteran's family healing. Veterans' Spouses could learn a lot from Nea, and I hope they reach out to her.

I decided to reach out and suggest some things, and they loved my fresh ideas, and we are all working towards expanding our efforts. Salute 2 Service is emerging with a timely new plan.

They continue even though the floods here and the quarantine are working against us all. I have been feeding them with things they don't understand, and our understanding of each other's ideas is building beautifully.

The organization needs people, and let me put out the call now and frequently. Help Veterans with the skillsets you have. Conversations can save lives. Please take a minute now and tell us what you can do for veterans; send us a note with your skillsets and contact info.

I will be wearing some new hats during the next several months. Would you please come out and replace me?

Please share your story to help others know they are not alone.

New & Powerful Ways to Help Veterans Help Themselves & Find Support

Rodney and I listen attentively to Mike as he is our Angel Man and Prana Dude. Ordained by the Circle of Miracles in New Britain as an Inter-Faith Minister, The International Metaphysical Ministry in Sedona, Arizona also ordained him as a Metaphysical Minister.

He has been involved in Holistic Healing for close to thirty years and teaches many Metaphysical healing modalities and has both A daily Kindle Book giveaway for Healing Books at <https://angelraphaelspeaks.com/healing-presents/> and another Book Giveaway for Prison Books at <https://angelraphaelspeaks.com/christmas/>

Our new goals include helping Veterans tidy up their lives and bring healing to past relationships so Veterans and their families can find peace and ease every day. Healing our yesterdays' loose ends allows Peace, Joy, and Communication Now!

1 - Salute 2 Service Stress Help

Many people may not know what is bothering them. So, Rev. Mike developed a little test that can be self-administered to see what is troubling. Please consider doing it to help you understand yourself.

Measure Twelve Emotions on a Scale of 1 (least) to 10 (most) so you can know where you need support in your life:

- 01 Guilt _____
- 02 Distrust _____
- 03 Shame _____
- 04 Threat _____
- 05 Overly- Responsible _____
- 06 Heartache _____
- 07 Betrayal _____
- 08 Resentment _____
- 09 Anger _____
- 10 Stress _____
- 11 Powerlessness _____
- 12 Fear _____

Asking for help can save your life. Don't Despair. We care, and many others also do. The test above can help you get help by simply saying – I need help with whatever emotion you get a high score at. You don't have to talk further until ready.

Feel free to Ask Rodney and Nia about all the ways we help.

2 - Personal Power Declarations

Claiming your power can bring you peace. When you speak it, you hear it and believe it. Our Angel Man and Prana Dude, Rev. Mike, shares from <http://AngelRaphaelSpeaks.com>.

I Can Choose Joy

I Can Be The Authority In My Life, Who I Was Created To Be!
I Can Claim My Power Easily And Quickly!
I Can Fulfill the Mission Of My Soul In This Lifetime!
I Am A Chip Off The Block of God!
I Was Birthed Into the Physical World For A Divine Purpose!

I Can Release Negativity

Worry Is a Waste of Time! I Can Stop doing It! It Doesn't Help – Prayer Still Does!
Fear Is an Invitation From the Dark Side! I Can Stop Being Fearful!
Hate is Toxic Self-Administered Poison! Hate For Others May Be Personal or referred! Bad Either Way. I Can Stop doing It!
I Only Need To Fear The Loss of God – Not God!
The Path Out of Darkness Is An Invitation – Lord Be With Me!

I Can Be Concerned And Stay Positive

I Can Be The Rock For Others To Lean On
I Can Help Others Own Their Authority, Own Their Responsibilities and Be At Peace
I Can Help Guide Wise Choices
I Can Help Others Be Congruent with Themselves
I Can Help Mitigate Emotional Stress

3 - A Bit Of Our Love

A little Love goes a long way. Our Angel Man and Prana Dude, Rev. Mike, had a crystal Love project years ago.

He wrote about it - “The stories that have come out of this project are amazing. There is one about a crusty old lady who lost her appreciation for the joy of life. She was offered a heart, and she hesitated, but then she finally extended her hand and received the gift. From the moment she received it, she was never seen without it, and when she went to meet her maker, the heart was clutched in her hands.”

Rev. Mike has been offering support to us lately and provides this “A Bit Of Our Love” concept to help us reach those we love and serve. He blesses the crystals three times over:

1. With A prayer for receivers’ wellness, peace, and sustenance.
 2. With Reiki Energy for Love.
 3. Invocation of Angel Raphael, The Angel of Healing
- We ask our volunteers to deliver each with a little silent prayer of their own. Love Heals. Please be well. If you would like to volunteer with us, please call.

You Are Welcome to A Bit Of Our Love.

We also help with groceries, emergency assistance, benefits, clothes, shoes, medical records, job search, resume’ etc.

4 - Healing For Veterans' & Spouses In Bucks County Now

I am a Veteran who is active in Writing and Healing and have been involved in Angel and Energy Healing for almost thirty years. I am now working towards Certification in Pranic Healing, and it takes a lot of documented work to qualify.

I am offering that work free now to Veterans and spouses in the Bucks County community on an individual basis, first come, first served, limited time. I put up a page to explain the details at <https://angelraphaelspeaks.com/pranic-healing-for-veterans/>

I realized that Pranic Healing is lesser-known in America than in the east, so I wrote a series of little books as primers for those who want the details. A choice of one or all is available free at <http://PranicHealing.xyz> for download. The Meditation book alone could help many people find a path to healing.

Also, Nia Gibson Wyatt, Director of Operations at Salute 2 Service, will network with former and current spouses of Veterans. Contact her at our office.

Another influential book by the same Veteran has a Self-Help Primer out about How this Meditation can help people be open to all the healing energies that are out there.

When you Align with the Divine, Your Journey can be fine. The Primer below is free and introduces the work. Go to <http://PranicHealing.xyz>. Scroll down. It's the first book on the page. 9 - Mondays With Mike

For the rest of 2021 at least, Mike plans to be very active with individualized assistance:

1. Send your worst emotional intensity answer from the test to Mike. He is a Master Instructor of Integrated Energy Therapy® and routinely works within an Angelic Communication channel called a Heartlink to spiritually pull out individual energy blockages through invocation and sacred symbols.

Pick your worst and send it to him at ReverendMikeWanner@aol.com. Just pick the one highest numbered (worst) emotion as that may be enough to change many things. As you form your request, the Angels will know your intention and may clear the blockage rather quickly. Energy blockages may be tomorrow's challenges in an embryo. Help stop discomfort and dis-ease from becoming a disease.

Clearing the emotions can help maintain homeostasis, so your body creates fewer challenges and heals itself optimally. Please send your emotional release requests to arrive before noon. No worries, the Angels work independently of Mike or with him.

Diligent humans need care as appropriate for their emotional and physical balance. Physicians are a medical necessity for the maintenance of humans, and good self-care can keep the doctors job simple

Pastoral Care By Zoom

Mike has done traditional Pastoral Care at the bedside in Jefferson Frankford Hospital from 2005 until quarantine. He has done many Zoom sessions since.

In support of Veterans, he will allocate times on Mondays that Salute 2 Service can assign based on the recommendations of Mr. Rodney D Wyatt and Nia Gibson Wyatt and other staff members to Veterans that ask for help.

Salute 2 Service is a multiple-service support system, and Mike is adept at Spiritual and Emotional Support healing and limits his time here to serve those needs.

10 - Mental Energy Block Chops

The Mental Energy Block Chops idea is a simple yet an effective way of breaking out of paralyzing thinking paradigms that can stop us or others by freeze-framing the options. Mental block chops were intended for Reiki Energy Practitioners to use, but Non-Reiki prayer like intentions could work even if it takes longer.

The Procedure Is Rather Simple

You intend to visualize and chop the mental block in the air over the crown like a karate chop without touching the head, and the chop is to break it or shatter it. No worries, the visual will not hurt your hand. See a complete article by Mike at <https://www.awakenche.org/blog/mental-energy-block-chops>

After that, you sweep the remaining fragments from the space. If it Feels complete to the one sweeping and the former mental block holder, then you're done. If not, you can repeat until pulverization occurs.

Each effort claims authority and personal power. Claim jurisdiction, and you will feel the energy from the proclamation and believe it more each time. Over time, you or your client may have accepted programming from others. Clearing all that and adding new choices can be much more beneficial to personal peace and confidence. It comes from the teachings of Gendai Reiki Master/founder Hiroshi Doi in the Gendai Reiki-ho system. He considers it the Modern Method of Reiki.

13 - Angel Raphael Speaks – Veterans

From *Trauma Healing Options for VA Hospitals*, Chapter Twenty-Three.
Shared here with permission.

Who is the Veteran Now?

Veterans have served in a role that is not congruent with the truth of their being. They have performed a job as they struggled with the role that they have been assigned.

In the moment of their present existence, they need to be aware that they can choose to move in many directions. This is not to say that they have to choose immediately to be this or that.

Veterans have already experienced many pressures to do many things, and as all that has come to a close, there is new freedom available to them.

No Pressure to Act

Being surrounded by loved ones can be wonderful, but it can also create new issues for veterans to ponder. Let this be an invitation for each Veteran to take the time they need to understand where they are and what they want.

While many questions will be asked of you, allow yourself to not feel pressured to answer. Allow yourself to be drawn to that which brings you peace.

In every moment, there is the power of life that can help you to accept where you are and choose what you want. Know that you can take as much time as you need to, and then when you are ready, you can move forward with your life.

Disconnection

Many times, veterans return to find a world different from how it was or different from how they thought it was. Do not be alarmed about any changes because you also have changed and the difference you see may be better aligned with who you are than you think it is.

The lives of your friends may have continued to change, and others may have stepped into relationships or jobs that you once thought were yours. The new reality may be somewhat intimidating at first, but closer study will allow you to see that there is still room for you.

As you understand what is different, know that you now have new opportunities to study and grow. The government has many programs to help when you are ready to take advantage of them.

Indecision

It is perfectly normal for veterans not to want to make any decisions. After all, you have been trained to take orders, and that became your pattern.

Your new standard does not have a personal order giver to tell you how to live your life. While it may feel like you have been abandoned, in reality, you have been elevated to a new level of

respect that allows you to think independently and be who you want to be, and do what you want to do.

While the newfound freedom may feel not so great, embracing your freedom can lead to an expansion of your opportunities.

Shame

Strange as it may seem, some veterans can feel shame for having served in a military situation. Allowing any shame to fall away is hastened when you embrace the support of your creator and the Angels.

When taken into the Military, young people have little understanding of the reality of the situation that they are entering. The realities of life can be sobering, and survival needs can change many a soul.

If you have an issue that persists, military chaplains and civilian ministers alike are well equipped to help you understand your situation. The situation will not remedy itself, so if you are troubled, know that you are worthy of the support you need, so be empowered to ask precisely for the help.

Asking is Important

All the Angels and Veteran agencies honor your free will and your independence. Receiving service as a veteran is different than when one is in the Military.

Please know emphatically that you are worthy of support in many ways, and there is absolutely no reason why you need to hesitate to ask for all that you have earned by being a child of God and a participant in the military forces of your country.

As a Veteran

Knowing what you know brings with it a responsibility to share the truth of your convictions. You may be totally at peace with the way your country conducts its business, or you may find that peace is an option that you would like to see pursued.

You can be quiet about your feelings, or you may get active in the affairs and organizations of your country so that others can know what you know to be true.

Being a veteran means that you are out of the Military, but it does not mean that you no longer have any ability to serve your fellow citizens.

As you relax into your life, you will fully respect the value of the journey that you have taken and the importance of all that you have learned. Know the full measure of your significance.

Where Do You Wish to Go Next?

Is there a battle that you have left to fight? Is there a fellow brother or sister from the Military that has had it rougher than you who would be honored to hear from you or be visited by you?

Is there a battle that you feel called to fight which is beckoning you into service of a new kind.

What is there deep within that is calling to your genius and asking you to be all that you can?

Who in your family could use your guidance and support?

Please know that you are still here for a purpose. Finding that purpose can be difficult, but when you do, you will find the joy that you can share with many more than you can ever imagine.

As Reverend Mike would say, “May all, Who Read this be Blessed, AND SO IT IS.”

Help your community's veterans!

By joining Salute 2 Service's fight, you are helping change the lives of those in **YOUR BACKYARD** who have sacrificed so much to defend our country.

Your time and money will go directly to giving clothes to the cold, food to the hungry, shelter to the homeless, and smiles to those who need a reason not to give up.

Why do Bucks County's veterans need your help?

An estimated 40,000+ U.S. veterans are homeless on any given night!

Around 1.5 million veterans and their families live at or below the poverty line

The VA assists up to 150,000 homeless or at-risk veterans per year, but they rely on organizations like Salute 2 Service to reach the thousands they cannot reach on a local level.

Veterans returning from duty in our community often have trouble finding employment or help for mental illness due to a lack of resources, leading to poverty and homelessness, a growing concern in Bucks County.

Government resources are limited, and outreach programs are at capacity, leaving a need for our community to band together to give our veterans the lives they deserve.

17 - Nia Gibson Wyatt

My name is Nia Gibson Wyatt, and I'm the spouse of Rodney Wyatt, a Marine veteran. We run a non-profit organization called Salute 2 Service, where we help veterans and their families with benefits assistance, food, clothing, and resources.

My quest is to assist the spouses of veterans and build a support group on encouraging, enlightening, and helping them grow in areas of their life they might need assistance. Being a vet's spouse, I realized that there aren't too many services for us today; I would like to change that.

Having women or men who are spouses of veterans who can relate to issues we deal with in our relationship after they come home from the war, leave, or reserves are greatly needed. Being married to a veteran is an everyday work in progress. You have to have tough skin because they come out of the Military and the struggles they have to go through to seek help, finances, housing, and other needs.

There have been plenty of nights where I watched my husband try to figure out a way to help as many veterans as he could, whereas giving him my input or suggestions, he accepted with resistance due to the fact he says I would never know what he went through because I never served in the Military.

I never understood what that meant until I realized he doesn't know what I go through being a spouse. Therefore, I wanted to reach out to other spouses where the communication would be open, and understanding would be mutual.

My husband's pain turned into my pain, and I carried it with me until one day at Angel walked into our office, and his name was Rev. Mike. He introduced himself and the services he was offering: Pranic healing, which is another energy that flows and heals your body in unbalanced areas. Rev. Mike and I'll be working together to heal one soul at a time.

I want to introduce veteran spouses to receive Pranic healing services from Rev. Mike to balance out areas in their mind, body, and soul that's blocked and build a community of spouses where we can grow and unite. Rev. Mike's encouragement and persistence made me realize that being connected to other spouses is genuinely needed.

18 - Rodney D Wyatt

After two active and four inactive years serving as a Marine, he spent seven as a veterans' representative for the Commonwealth, where he got a firsthand look at the obstacles veterans face every day trying to acclimate back into civilian society. Some can't find work, some have to jump through hoops to receive medical assistance, and others need help filing service-connected claims regarding injuries they sustained **while serving** our country, to name a few. They spend 4-6-10-20, many years in service and return home to nothing, being rejected at every turn. The state does the best it can, but in his estimation their best isn't good enough for the men and women that have sacrificed so much of their lives for their country.

That is why he started Salute 2 Service, creating an environment where they can move forward and relax, setting up programs, and providing services and resources to assist all who donned a uniform of the U.S. military.

“My mission, passion, and purpose in this life is to assist each and every one of them in obtaining and achieving what they deserve. We owe them much more than they are getting, and Salute 2 Service is going to do whatever it takes to make it possible.”

Rodney D Wyatt

19 - Reverend Mike Wanner

He became certified to teach Integrated Energy Therapy in 1999 and co-taught the new millennium's first IET class. Mike began dowsing in 2001.

Ordained as an Interfaith Minister of the Circle of Miracles Ministry and a Metaphysical Minister of the International Metaphysical Ministry, Rev. Mike practices and teaches spiritual energy therapies in the Philadelphia Area.

For twelve years, he was a faculty member of the Medical Mission Sister's Center for Human Integration's School of Integrated Body/Mind Therapies in Fox Chase, Philadelphia, PA.

By joining Salute 2 Service's fight, you are helping change the lives of those in YOUR BACKYARD who have sacrificed so much to defend our country.

Your time and money will go directly to giving clothes to the cold, food to the hungry, shelter to the homeless, and smiles to those who need a reason not to give up.

Why do Bucks County's veterans need your help?

An estimated 40,000+ U.S. veterans are homeless on any given night! Around 1.5 million veterans and their families live at or below the poverty line.

The VA assists up to 150,000 homeless or at-risk veterans per year, but they rely on organizations like Salute 2 Service to reach the thousands they are unable to reach on a local level. Veterans returning from duty in our community often have trouble finding employment or help for mental illness due to a lack of resources, leading them towards poverty and homelessness, a growing concern in Bucks County.

Government resources are limited, and outreach programs at capacity, leaving a need for our community to band together to give our veterans the lives they deserve.
